FEED! FEED!! FEED!!!
Large supply at D. B. ALLEN'S.

—Skating is in order.
—Left the country—Santa Clause.
—Commissioner's Court next Monday.
—Spelling schools are quite popular now.

—Sleepy work—watching the old year out.
—The Masonic Ball and Festival were a success financially.

—The Masonic Festival was held in Mrs. Reed's building.
—Read the prospectus of the Scientific American in to-day's paper.

—We are in receipt of the 14th annual report of the Secretary of State.
—In giving to the poor remember that the best kind of giving is to give work.

—There were a few callers out yesterday, wishing their friends a "Happy New Year."
—Some of the "boys" at Carlyle amused themselves on Christmas at a game of base ball.

—There will be a congregational meeting at the Presbyterian church next Monday at 2 p. m.
—Miss Lou Case and Mrs. Hunt of Fredonia, spent the holidays with their relations in this city.

—Public installment of the officers of the Iowa Grange at the Masonic Hall one week from this evening.
—Business is not so lively at the county treasurer's office since the 10 percent penalty has been added.

—The county officers elected last fall will take possession of their respective offices next Monday week.
—The Young Men's Social Club celebrated their first night of the New Year with a dance at Odd Fellows Hall.

—Patrick Ravens and Minnie McCabe, of Humboldt, were joined in matrimony by Esq. Low, of this city, last Tuesday.
—There was a musical re-union at the Leland Hotel last Monday evening where a number of our "singles" spent a few hours pleasantly.

—Persons wanting a New York Daily or weekly paper cheap, should read the advertisement of the New York Sun in another column.

—Married by Rev. J. W. Pinkerton, December 25th at the residence of the bride's father, Mr. Charles H. Barclay and Miss Sarah C. Smith, all of this county.

—Our Probate Judge has issued more marriage license the last few months than ever before in the same time. A good many people have faith that hard times will not last always, or else they think "two can live cheaper than one."

—The grandest assemblage of chivalry and beauty that has been seen in our city for a long time gathered at the residence of Mr. and Mrs. H. A. Needham last evening in response to their "At Home, New Years night."

—We have heard several of our farmers inquire about the process of sowing flax. Can some one who has had experience in raising flax seed give us the best method of preparing the soil and the time and manner of sowing?

—Mr. M. C. White, from Minneapolis, Minn., was in our city during the past week buying soldiers' additional home-land claims. He bought some thirty claims, and left considerable money in the county.

—During the week we were informed by some of the Masons that they would furnish for publication a report of the Masonic Festival and Ball, returning thanks, etc., but up to the time of going to press we have seen nothing of the "report."

—Mr. Myers, formerly of this city, has just finished a large and commodious residence at his farm on Deer Creek. Christ's evening a number of his friends from here went up to enjoy a "house warming." They were given a splendid supper after which they "tripped the light fantastic till the wee hours of morn'g."

—"Hard times" are made harder by persons holding money and keeping it from circulation. Because we have hard times too many persons are disposed to hold on to all the money they get as long as they can. Money is plenty when it changes hands often, and one of the best remedies we know of for hard times is for every one to pay up all their little debts as fast as they get the money. Try it.

—Members of the M. E. Church and congregation, to the number of fifty-four assembled at the residence of their pastor H. K. Muth, Thursday evening, and made substantial greetings for a "Happy New Year" by donating a quantity of clothing, provisions and groceries, and twenty-six dollars in greenbacks. Mr. Muth was absent holding meeting in Cottage Grove, but his wife entertained the guests and returned proper thanks for their kind expressions of confidence in, and love for, their pastor.

—There is, or rather was, a dwelling house in this place about which there has been considerable lawing and dispute as to whom it belongs, and it was pretty well covered with claims, mortgages attachments, and other legal encumbrances. Mr. Lapi, of Chasote, claiming to have the best right and title to this property had it taken down last Wednesday morning and loaded on wagons and started off for his home with it. If this permanently settles the question of ownership, it is probably a little hard on the house, but is more satisfactory than waiting the slow process of law. We are real glad at all times to be furnished with local items, but when it costs our town a house we don't like such a "big thing on wheels."

NOTICE.
There will be a public installation of the officers of Iowa Grange at Masonic Hall on the second Saturday of January, at 8 o'clock P. M. All are invited to attend.
ROBERT COOK, Master.
SALLIE LACKENS, Sec'y.

SCHOOL REPORT.
Report of the Iowa schools for the month ending Dec. 4th, 1874:

By comparing this with the report for the first month there will be found a marked improvement in the regularity of attendance on the part of the scholars. During the first month, the per cent. of attendance was only 81 per cent.—this month 93 per cent.

It is hoped that the patrons of the school will continue to exercise the same or even greater diligence to secure an increased per cent. of attendance.

Another evil in need of remedy is tardiness. Our efforts to remove this obstacle have not met with the same degree of success as in the case of absence. Let it be remembered that if you wish your children to improve in their studies they must devote their whole time to them, as you do to your business, whatever it may be. One of the chief requisites to success is regular prompt attendance.

H. L. HENDERSON, Prin.

HORTICULTURAL.
The late meeting of the State Horticultural Society, held at Emporia last week, was one of the best if not the best that has ever been held by that Society. There were four tables 4x14 feet covered with most beautiful specimens of apples and pears. Even vegetables such as new sorts of sweet potatoes and common potatoes were shown that certainly did credit to the exhibitors. The hall was a large, and a very pleasant one, and was tastefully ornamented with much care by the people of Emporia with evergreens, live plants and pictures.

Nothing was left undone that could add to our comfort while we were being entertained by the citizens. Long shall the meeting at Emporia be held in joyous remembrance. I do wish that all the fruit growers in Allen Co. could have been there to enjoy the benefits of the meeting. I shall not even try to tell all the topics that were discussed. The proceedings will be found in the next annual report of the Society which can be obtained of the Secretary when published.

The venerated president for the last four years—Dr. Wm. Hensley of Leavenworth by his special request was permitted to retire from the chair owing to advanced age.

The officers elect are—President, E. G. G. of Manhattan; Vice President Robert Milliken of Emporia; Sec. G. L. Brackett of Lawrence; Treas. F. Wellhouse of Leavenworth; Trustees, H. E. Van Deman of Geneva, J. Stayman of Leavenworth and E. Sunder of Highland.

The next semi-annual meeting will be held at Fort Scott next June and the next annual meeting at Manhattan in Dec. 75. Due notice will be given of these meetings.

You may be sure that Kansas will not be behind at the centennial exhibition in '76. The Horticultural Society has taken steps to show our fruits and let every one be ready to contribute specimens if needed. We should keep a few trees from overbearing and cultivate well from this time in order to have the most choice specimens. This part of the state will doubtless be represented in that great fruit show.

The following is a list of apples for home use in Southern Kansas:
For winter Winesap, Johnathan, Rowan Stow, W. W. Pearmain, Yellow Bellflower, Rome Beauty, Ben Davis, Fall-Maiden's Blush, Fall Pippin, Ramsdell's Red, Cayuga Red Streak, Rambo, Summer-Erly Harvest, Red Astrachan, Carolina Red June, Summer Rose, Summer Queen.

Our market orchards in Southern Kansas:
Winter—Winesap, Ben Davis, Missouri Pippin, Willow, Eng. Golden Russet, Rome Beauty, McAfee's Nonsuch, Fall-Maiden's Blush, Cayuga Redstreak, Ramsdell's Red, Lowell, Fall Pippin, Summer—E. Harvest, Cal. Red June, Red Astrachan, Summer Rose.

We were greatly benefited and highly entertained by the presence and instructions of Prof. C. V. Riley the renowned entomologist or "bug man." He gives as a sure remedy or rather preventive of the attacks of the flat headed borer to apply strong soap suds to the trunks and large limbs of the tree once a month for four months beginning with May. Scrape the old bark off and apply promptly and your apple trees will not be hurt. Reports from all over the State and from other states show that this insect is very destructive this year. Some persons have applied coal or gas tar to good effect and without injury to the trees. It keeps off rabbits and borers. I may write you a little more of the proceedings of the society that may be of benefit, if I can find time.

THE SUN.
Daily and Weekly for 1875.
The approach of the Presidential election gives unusual interest to the events and developments of 1875. We shall endeavor to describe them fully, faithfully and fearlessly.

THE WEEKLY SUN has now attained a circulation of over seventy thousand copies. Its readers are found in every State and Territory, and its quality is well known to the public. We shall not only endeavor to keep it fully up to the old standard, but to improve and add to its variety and power.

THE WEEKLY SUN will continue to be a thorough newspaper. All the news of the day will be found in it, condensed when unimportant at full length when of moment, and always, we trust, treated in a clear, interesting and instructive manner.

It is our aim to make the WEEKLY SUN the best family newspaper in the world. It will be full of entertaining and appropriate reading of every sort, but will print nothing to offend the most scrupulous taste. It will always contain the most interesting stories and romances of the day, carefully selected and legibly printed.

The Agricultural Department is a prominent feature in the WEEKLY SUN, and its articles will always be found fresh and useful to the farmer. The number of new independent in politics is increasing, and the WEEKLY SUN is their paper. It belongs to no party, and obeys no sectarian, contending for power, and is the property of the best men.

It exposes the corruption that disgraces the country and threatens the overthrow of our institutions. It has no fear of knives and seeks no favors from their supporters. The markets of every kind and the fashions are regularly reported in its columns.

The price of the WEEKLY SUN is one dollar a year for a sheet of eight pages, and fifty-six cents. As this barely pays the expenses of paper and printing, we are not able to make any discount or allow any premium on orders who may make special efforts to extend its circulation.

Under the new law which requires payment of postage in advance, one-dollar year, with twenty cents the cost of prepaid postage added, is the rate of subscription. It is not necessary to put up a club in order to have the WEEKLY SUN at this rate. Any one who sends one dollar and twenty cents will get the paper, postpaid, for a year.

THE WEEKLY SUN—Eight pages, fifty-six columns. Daily \$1.00, a year, postage prepaid. No discounts from this rate.

THE DAILY SUN—A large four-page newspaper of twenty-eight columns. Daily circulation over 125,000. All the news for 2 cents. Subscription, 25 cents a month, or \$2.50 a year. Clubs of 10 or over, a discount of 20 per cent. Address: "THE SUN," New York City.

HAVE YOU TRIED JURUBEBA? ARE YOU Weak, Nervous, or Debilitated? Are you so languid that any exertion requires more of an effort than you feel capable of making?

Then try JURUBEBA, the wonderful Tonic and invigorant, which acts so beneficially on the sensitive organism and so imparts vigor to the vital forces.

It is no alcoholic aperient, which stimulates for a short time, only to let the energy fall to a lower depth of misery, but it is a vegetable tonic acting directly on the liver and spleen.

Regulates the bowels, quiets the nerves, and gives such a healthy tone to the whole system as to make the invalid feel like a new person. Its operation is not violent, but is characterized by great gentleness; the patient experiences no sudden change, no marked results, but gradually his troubles.

"Fold your tents, like the Arabs, And silently steal away." This is no new and untried discovery, but has been long used with wonderful remedial results, and is produced by the highest medical authorities, "the most wonderful tonic and alternative known."

Ask your druggist for it. For sale by FULLER & FULLER, Chicago, Ill.
